

53rd Annual ASEES Convention
New Orleans, Nov 18-21, 2021 and Virtual, Dec 1-3, 2021

Thank you for supporting the 2021 ASEES Annual Convention by securing a virtual exhibit booth. The booths are now ready for set-up.

Exhibitors will be listed alphabetically on the opening page. Your booth will show the company/organization name, a small logo, and a 50-word description. Visitors enter your booth by clicking on the tab “View Exhibit.” They will be directed to a landing page containing the additional information you have provided.

Please follow these instructions to complete set-up:

1. Enter your booth information by logging into the [ASEES Convention 2021 \(allacademic.com\)](http://allacademic.com) using your ASEES username and password. If you are unable to login, please contact Jenn Legler at asees@pitt.edu.

3. There are notes for each section that explain what that section is for. Enter as much or as little information as you wish. Only the Name field is required. You may return to this form to add or update information at any time.

Information that can be added includes an embedded video, a link to a zoom chat, books or merchandise for sale with links to your organization’s e-commerce page, and photos. If adding a zoom chat, the link is provided by the exhibitor.

Please note that if you have multiple exhibitor managers assigned, only one should make edits to the page at a time. This will prevent work from being overwritten or lost.

Description

ASEEES has approximately 3,000 individual members and 60 institutional members in the U.S. and abroad. Individual members come primarily from the academic community, as well as from the government and private sectors, but membership is open to anyone interested in furthering the scholarly objectives of the Association. Institutional membership is open to all universities, colleges, and other institutions with an interest in the field and is designed to combine the strengths and perspectives of institutions with those of ASEEES in a mutual effort to advance the field.

You can continue to make edits to your booth at any time. We recommend that you have your virtual booth set up complete by October 1. Convention participants and attendees will be logging into the system to see the convention calendar and will be able to visit your booth prior to the convention itself.

The Virtual Exhibit Hall will launch on **October 1**.

I am happy to help with any questions!

Thank you,

Margaret Manges
